

Sharpen Your Pursuit at PursuitCAT.com

Winning Department of Defense contracts has never been tougher. Successful DOD contract pursuit begins well in advance of a renewal or a new bid. The competition is fierce.

The competitive advantage? The most up-to-date critical business intelligence, With new information every quarter.

Don't Go In Blind

Simply responding to data outlined in an RFP or RFQ won't cut it in today's competitive contract environment. To increase your chances of scoring a major contract, you need to know:

- The DOD contracts that your competition has won this year and in years past
- The government agencies that are buying the products you make or the services you provide
- Which prime contractors need components or services that you offer
- Who's already serving major contracts that might need teaming subs like you

The PursuitCAT Advantage

PursuitCAT provides you critical information about each of the over 900,000 DOD contracts issued each year. In fact, PursuitCAT provides over 90 elements of information on each contract.

Here are some additional uses for PursuitCAT

- Put hard facts in your corporate strategic plan like market size, history of awards, agencies that buy your products
- Help find a subcontractor to satisfy mandated set asides (woman owned, veteran owned, small business, etc.)
- Expand your commercial business by winning DOD contracts or subcontracts

Whether you represent a large organization considering a prime pursuit or looking for a space to fit in as a subcontractor, PursuitCAT provides this highly strategic information at your fingertips.

Bring PursuitCAT on Your Team

Business development professionals and contract analysis staff members can waste dozens – if not hundreds – of costly hours searching federal databases for the critical information PursuitCAT provides in seconds.

Take PursuitCAT Off the Leash

Ready to conduct some serious competitive analysis or research new opportunities? PursuitCAT offers several cost-effective ways to bring this powerful online tool into your business intelligence arsenal. If you have department-specific needs or are a small company pursuing a highly vertical category. Need enterprise-level access for multi-year planning? PURSUITCAT

CONTRACT ANALYTICS TOOL

PURSUITCAT.COM

Scoring Critical DOD Contracts

Instant Access - PursuitCAT's easy-to-use drop-down menus on the "Find Contracts" section page enables you to select and drill down instantly into the massive (and often confusing) DOD public contracts database. Whether Navy, Army, Marines or other DOD branches, PursuitCAT instantly retrieves, sorts and displays current contract data.

Eliminate the Guesswork - PursuitCAT provides you with the strategic capacity to search by standard NAICS codes, DOD Claimant codes and PSC groupings. Within seconds of entering your data combinations, an interactive listing of current contracts (by your selected federal fiscal year) will appear at the bottom of the screen.

Critical Information When You Need It - Find a contract you want more information on? Click on the "Details" button and critical information about the contracted company and the contract itself will appear.

Find a Company

Check Out Potential Partners or Competitors

Pitch your expertise in a teaming partnership or explore critical data about a competitor. PursuitCAT lets you analyze key information about companies currently serving (or previously serving) contracts that fit your space.

Corporate Performance Profiles

Select the "Find Company" link, enter the company name and then harvest critical information. PursuitCAT will provide you with:

- DUNS data
- Location
- Contract Value
- Active Claimant Codes
- NAICS Information
- Congressional Offices
- Size & Type of Company or Government Agency
- Contract Office
- Products or Services.

Localize by State & County

PursuitCAT produces both the 50,000 ft. view of state-related DOD contract activity and county-by-county drill-down aggregate financial data.

Aggregate Data

If you're working to determine aggregate financial data for a SWOT analysis or economic development pursuit, PursuitCAT provides specific exportable data on a county-by-county basis.
